LE JOURNAL CANADIEN D'OPHTALMOLOGIE

INDEX OF AUTHORS

Page

Algan, B.
La rupture capsulaire au cours de la cryo-extraction de la cataracte 169

Amyot, M., with Brunette, J. R., Bernier, G. and Lefebvre, M.
Clinical study of framycetin ophthalmic preparations 216

Anderson, M., with Harris, Dennis.
Histopathology of extraocular muscle surgery 143

Arstikaitis, M., with Rafuse, E. V., and Brent, H. P.
Ocular findings in thalidomide children 222

Basu, P. K., with Narain, L.
X-irradiation of the homologous corneal donor material 54

Basu, P. K., with Fielding, I. L.
Immune reaction and the lysis of corneal cells *in vitro* and *in vivo* 122

Bernier, G., with Brunette, J. R., Amyot, M. and Lefebvre, M.
Clinical study of framycetin ophthalmic preparations 216

Berry, V., with Drance, Stephen M., Wiggins, R. L., Watson, R. and Winsby, B.
The consensual tonographic effect in normal and glaucomatous adults 41

Berry, Virginia, with Drance, S. M. and Hughes, Ann.
The effects of age on the central isopter of the normal visual field 79

Blodi, Frederick C., with Roy, Paul Emille.
The misdiagnosed choroidal melanoma 209

Boyd, T. A. S., with Shutt, H. K. R. and Salter, A. Barbara.
Relationship of visual fields, optic disc appearances and age in non-glaucomatous and glaucomatous eyes 83

Boyd, T. A. S., with Morgan, R. A.
Gonioscopy in the prediction of hidden peripheral anterior synechiae in angle closure glaucoma 173

Boyd, T. A. S., with Morgan, R. A.
Broad basal iridectomy and intracapsular lens extraction as a combined procedure in uncontrolled chronic angle closure glaucoma with cataract 266

Boyd, T. A. S., with Zuege, P. and Stewart, A. G.
Angle pigment in normal and chronic open angle glaucomatous eyes 271

Brent, H. P., Rafuse, E. V., and Arstikaitis, M.
Ocular findings in thalidomide children 222

Page

Brunette, Jean Réal.
Visual field disturbances associated with hemiplegia 16

Brunette, J. R., with Bernier, G., Amyot, M. and Lefebvre, M.
Clinical study of framycetin ophthalmic preparations 216

Chu, Ernest B., wtih Warner, David M.
The role of ionic calcium in the resistance of aqueous outflow in the cat 226

Cogan, David G.
Congenital nystagmus 4

Craig, B. J., with MacDonald, R. Keith.
The effect of tonography on the paired weight measurement of ocular rigidity 185

Crawford, J. S., with Lewis, Linda.
The diagnosis and management of accommodative convergent strabismus 107

Cullen, Gerald, with Wilson, W. M. G.
Olfactory groove tumour causing sudden blindness 133

de Margerie, J.-M., with Pinkerton, R. M. H., Rosen, D. A., Wyllie, A. K. and Meyer, Janice W.
Results of treatment of orbital floor fractures 103

Demers, Paul-E.
Results of filtering operations for glaucoma 45

Donin, Jerry F.
Acquired monocular nystagmus in children 212

Drance, Stephen M., with Zuege, Peter.
Studies of dark adaptation of discrete paracentral retinal areas: Part I..... 30
Part II..... 35

Drance, Stephen M., with Berry, V., Wiggins, R. L., Watson R. and Winsby, B.
The consensual tonographic effect in normal and glaucomatous adults 41

Drance, S. M., with Berry, Virginia and Hughes, Ann.
The effects of age on the central isopter of the normal visual field 79

Drance, Stephen M., with Wheeler, Carol and Pattullo, Margaret.
The use of static perimetry in the early detection of glaucoma 249

Drance, Stephen M., with Richards, J. S. F.
The effect of 2% epinephrine on aqueous dynamics in the human eye 259

du Toit, M. M. Slabber.
Glaucoma and the only eye — a new test 190

Page

Ellis, S., with Pratt-Johnson, John A. and Wee, H. S.
Suppression associated with esotropia 284

Fielding, I. L., with Basu, P. K.
Immune reaction and lysis of corneal cells *in vitro* and *in vivo* 122

Fleming, Kelvin O., with Flindall, Richard J.
Metastatic tumour of the retina 130

Flindall, Richard J., with Fleming, Kelvin O.
Metastatic tumour of the retina 130

Harris, Denis, with Anderson, M.
Histopathology of extraocular muscle surgery 143

Harris, Gordon S., with Richards, S. F.
Retinoschisis treated by photocoagulation 199

Hassard, Donald T. R.
Scleral grafting 292

Hassard, D. T. R., with Jans, R. G.
Lissamine green — a supravital stain for determination of corneal endothelial viability 297

Hill, R. H., with Stewart, A. J.
Ocular manifestations in juvenile rheumatoid arthritis 58

Hughes, Ann, with Drance, Stephen M. and Berry, Virginia.
The effects of age on the central isopter of the normal visual field 79

Jans. R. G., with Hassard, D. T. R.
Lissamine green — a supravital stain for determination of corneal endothelial viability 297

Johnson, J. A. Pratt-, with Lunn, C. T.
Early case finding and the hereditary factor in strabismus 50

Johnson, John A. Pratt-, with Wee, H. S. and Ellis, S.
Suppression associated with esotropia 284

Johnston, A. C.
Introduction — Symposium on ocular problems associated with hemiplegia 11

Johnston, A. C.
Disturbance of trigeminal and facial nerves 24

Kwitko, Marvin L.
Congenital glaucoma 91

Page

Lefebvre, M., wtih Brunette, J. R., Bernier, G. and Amyot, M.
Clinical study of framycetin ophthalmic preparations 216

Lewis, Linda, with Crawford, J. S.
The diagnosis and management of accommodative convergent strabismus 107

Lloyd, Lois A.
Disturbances of the higher visual functions 20

Lunn, C. T., with Pratt-Johnson, J. A.
Early case finding and the hereditary factor in strabismus 50

MacDonald, R. Keith, with Pashby, T. J.
Medical control of steroid-induced glaucoma 181

MacDonald, R. Keith, with Craig, B. J.
The effect of tonography on the paired weight measurement of ocular rigidity 185

Meyer, Janice W., with Pinkerton, R. M. H., Rosen, D. A., de Margerie, J.-M. and Wyllie, A. K.
Results of treatment of orbital floor fractures 103

Mills, Donald W.
Mesodermal dysgenesis of the anterior segment of the eye 279

Morgan, R. A., with Boyd, T. A. S.
Gonioscopy in the prediction of hidden peripheral anterior synechiae in angle closure glaucoma 173

Morgan, R. A., with Boyd, T. A. S.
Broad basal iridectomy and intracapsular lens extraction as a combined procedure in uncontrolled chronic angle closure glaucoma with cataract 266

Murphy, Sean B.
Ocular motility and hemiplegia 12

Narain, L., with Basu, P. K.
X-irradiation of the homologous corneal donor material 54

Pashby, T. J., with MacDonald, R. Keith.
Medical control of steroid-induced glaucoma 181

Pattullo, Margaret, with Drance, Stephen M. and Wheeler, Carol.
The use of static perimetry in the early detection of glaucoma 249

Pinkerton, R. M. H., with Rosen D. A., de Margerie, J.-M, Wyllie, A. K. and Meyer, Janice, W.
Results of treatment of orbital floor fractures 103

Pratt-Johnson, J. A. — see Johnson, J. A. Pratt-

Rafuse, E. V., with Arstikaitis, M. and Brent, H. P.
Ocular findings in thalidomide children 222

Page

Richards, John S. F., with Harris, Gordon S.
Retinoschisis treated by photocoagulation 199

Richards, J. S. F., with Drance, Stephen M.
The effect of 2% epinephrine on aqueous dynamics in the human eye 259

Rose, Hugh A., with Smith, Eric L.
Medical and surgical management of deep central corneal ulcers and descemetoceles 115

Rosen, D. A., with Pinkerton, R. M. H., de Margerie, J.-M., Wyllie, A. K. and Meyer, Janice W.
Results of treatment of orbital floor fractures 103

Roy, Paul Emille, with Blodi, Frederick C.
The misdiagnosed choroidal melanoma 209

Salter, A. Barbara, with Shutt, H. K. R. and Boyd, T. A. S.
Relationship of visual fields, optic disc appearances and age in non-glaucomatous and glaucomatous eyes 83

Shaffer, Robert N.
New concepts in infantile glaucoma 243

Shea, Michael, with Smith, David R.
The effect of sub-freezing temperatures on rabbit corneal epithelium 153

Shea, Michael, with Smith, David R. and Somerville, Glasier M.
An experimental model of epithelialization of the anterior chamber 158

Shea, Michael M.
A microprobe for intraocular cryosurgery 163

Shutt, H. K. R., with Boyd, T. A. S. and Salter, A. Barbara.
Relationship of visual fields, optic disc appearances and age in non-glaucomatous and glaucomatous eyes 83

Smith, David R., with Shea, Michael.
The effect of sub-freezing temperatures on rabbit corneal epithelium 153

Smith, David R., with Somerville, Glasier M. and Shea, Michael.
An experimental model of epithelialization of the anterior chamber 158

Smith, Eric L. and Rose, Hugh A.
Medical and surgical management of deep central corneal ulcers and descemetoceles 115

Smith, Eric L.
Microsurgery in peripheral iridectomy 139

Page

Somerville, Glasier M., with Smith, David R. and Shea, Michael.
An experimental model of epithelialization of the anterior chamber 158

Spencer, Jon R. L.
The prognosis of intraocular hemorrhage following cataract extraction 203

Stewart, A. G., with Zuege, P. and Boyd, T. A. S.
Angle pigment in normal and chronic open angle glaucomatous eyes 271

Stewart, A. J., with Hill, R. H.
Ocular manifestations in juvenile rheumatoid arthritis 58

Warner, David M., with Chu, Ernest B.
The role of ionic calcium in the resistance of aqueous outflow in the cat 226

Watson, R., with Berry, V., Drance, Stephen M., Wiggins, R. L. and Winsby, B.
The consensual tonographic effect in normal and glaucomatous adults 41

Wee, H. S., with Pratt-Johnson, John A. and Ellis, S.
Suppression associated with esotropia 284

Wheeler, Carol, with Drance, Stephen M. and Pattullo, Margaret.
The use of static perimetry in the early detection of glaucoma 249

Whiston, Geoffrey J.
Review of postoperative endophthalmitis 63

Wiggins, R. L., with Berry V., Drance, Stephen M., Watson R. and Winsby, B.
The consensual tonographic effect in normal and glaucomatous adults 41

Wilson, W. M. G., with Cullen, Gerald.
Olfactory groove tumour causing sudden blindness 133

Winsby, B., with Berry, V., Drance, Stephen M., Wiggins, R. L. and Watson, R.
The consensual tonographic effect in normal and glaucomatous adults 41

Wyllie, A. K., with Pinkerton, R. M. H., Rosen, D. A., de Margerie, J.-M. and Meyer, Janice W.
Results of treatment of orbital floor fractures 103

Zuege, Peter, with Drance, Stephen M.
Studies of dark adaptation of discrete paracentral retinal areas: Part I..... 30
Part II..... 35

Zuege, P., with Boyd, T. A. S. and Stewart, A. G.
Angle pigment in normal and chronic open angle glaucomatous eyes 271

INDEX OF SUBJECTS

Page

Anterior chamber, experimental model of epithelialization of 158

Aqueous dynamics, effect of 2% epinephrine in the human eye 259

Aqueous outflow, dynamometer outflow test 190

role of ionic calcium in 226

Blindness, sudden, caused by olfactory groove tumour 133

Calcium, ionic, role in aqueous outflow 226

Cataract extraction, intraocular hemorrhage in 203

microprobe for cryosurgery in 163

rupture of capsule during cryosurgery for 169

with broad basal iridectomy for uncontrolled chronic angle closure glaucoma .. 266

Cells, corneal, immune reaction and lysis *in vitro* and *in vivo* 122

Choroid, misdiagnosed melanoma of 209

Cornea, deep central ulcers, management of 115

endothelial viability 297

epithelium, effect of sub-freezing temperatures on 153

homologous donor material, x-irradiation of 54

immune reaction and the lysis of cells *in vitro* and *in vivo* 122

Cryosurgery, effect of sub-freezing temperatures on rabbit corneal epithelium 153

intraocular, a microprobe for 163

rupture ot capsule in cataract extraction 169

Dark adaptation of discrete paracentral retinal areas:

Part I 30

Part II 35

Descemetoceles, and deep central corneal ulcers, management of 115

Dynamometer outflow test for glaucoma in the only eye 190

Dysgenesis, mesodermal, of anterior segment of eye 279

Endophthalmitis, postoperative 63

Endothelium, corneal, viability of 297

Epinephrine, effect on aqueous dynamics in the human eye 259

Page

Epithelialization of anterior chamber, experimental model of 158

Esotropia, accommodative, diagnosis and management of 107

suppression associated with 284

Filtering operations for glaucoma 45

Fractures, orbital floor 103

Framycetin, clinical study of ophthalmic preparations 216

Glaucoma and the only eye — a new test 190

angle closure, gonioscopy in the prediction of hidden peripheral synechiae 173

angle closure, uncontrolled chronic with cataract 266

angle pigment in normal and chronic open angle glaucomatous eyes 271

congenital 91

dark adaptation of discrete paracentral retinal areas:

Part I 30

Part II 35

effects of age on the central isopter of the normal visual field 79

epinephrine, effect on aqueous dynamics in the human eye 259

filtering operations 45

infantile, new concepts in 243

in mesodermal dysgenesis 279

peripheral iridectomy, microsurgery in 139

relationship of visual fields, optic disc appearances and age 83

resistance to aqueous outflow, role of ionic calcium in 226

static perimetry in early detection of 249

steroid-induced, medical control of 181

tonography, consensual effect in normal and glaucomatous adults 41

effect on the paired weight measurement of ocular rigidity 185

Graft, scleral 292

Gonioscopy, angle pigment in normal and chronic open angle glaucomatous eyes 241

in the prediction of hidden peripheral anterior synechiae in angle closure glaucoma 173

Green, lissamine, for determination of corneal endothelial viability 297

	Page
Hemiplegia, disturbances of higher visual functions in	20
disturbance of trigeminal and facial nerves in	24
ocular motility and	12
ocular problems associated with	11
visual field disturbances associated with	16
Hemorrhage, intraocular following cataract extraction	203
Heredity in strabismus	50
Infection	63
Ionic calcium in resistance of aqueous outflow	226
Iridectomy, broad basal with intracapsular lens extraction in uncontrolled angle closure glaucoma with cataract	266
peripheral, microsurgery in	139
Lissamine green to determine viability of corneal endothelium	297
Melanoma, misdiagnosed choroidal	209
Mesodermal dysgenesis of the anterior segment of the eye	279
Microprobe for intraocular cryosurgery	163
Microsurgery in peripheral iridectomy	139
Muscle surgery, extraocular, histopathology of	143
Nerves, disturbance of trigeminal and facial	24
Nystagmus, acquired monocular in children	212
congenital	4
Ocular palsies and hemiplegia	12
Ocular rigidity, effect of tonography on paired weight measurement of	185
Optic disc appearances, relationship of visual fields and age in non-glaucomatous and glaucomatous eyes	83
Orbital floor fractures, treatment of	103
Perimetry, effects of age on the central isopter of the normal visual field	79
relationship of visual fields, optic disc appearances and age in non-glaucomatous and glaucomatous eyes	83
static, use in early detection of glaucoma	249
visual field disturbances associated with hemiplegia	16

Page

Pigment, angle, in normal and chronic open angle glaucomatous eyes 271

Photocoagulation in retinoschisis 199

Retina, metastatic tumour of 130

retinoschisis treated by photocoagulation 199

studies of dark adaptation of discrete paracentral areas:
Part I 30

Part II 35

Retinoschisis treated by photocoagulation 199

Rheumatoid arthritis, juvenile, ocular manifestations in 58

Reiger's anomaly 279

Scleral grafting 292

Steroid-induced glaucoma, medical control of 181

Still's disease, ocular manifestations in 58

Strabismus, accommodative convergent, diagnosis and management of 107

early case finding and the hereditary factor 50

histopathology of extraocular muscle surgery 143

suppression associated with esotropia 284

Thalidomide children, ocular findings in 222

Tonography, consensual effect in normal and glaucomatous adults 41

effect on the paired weight measurement of ocular rigidity 185

Tumour, metastatic of retina 130

olfactory groove, causing sudden blindness 133

Visual fields, disturbances of 16

normal, effect of age on central isopter 79

relationship of optic disc appearances and age in non-glaucomatous and glaucomatous eyes 83

Visual functions, higher, disturbances of 20
